

1 6T of QSFP optical modules in stock

Overview

6T OSFP solutions featuring high-performance, high-bandwidth, and backward compatibility. 6T transceiver modules are ideal choice for AI data centers, enterprise networks and service provider networks. Current market estimates project this segment to grow from a niche high-speed solution to a multi-billion dollar market within the next five years. The MTRO-D5F8CL is designed to operate in switch and router applications supporting OSFP MSA compliant traffic for up to 500m links.
