

Bd optical module

Overview

Add an LC fiber optic connection to your Blackmagic Studio Camera, Teranex Converter, ATEM hardware (such as the ATEM Talkback Converter 4K), or any other professional device that supports SFP cages with this Blackmagic Design 12G SFP Optical Module. Add this SFP module to your ATEM Switcher and/or one to your Studio 4K camera, and you can extend and control your 12G-SDI 4K video signal over fiber. Please also refer to the current and detailed specifications from the manufacturer.

Bd optical module

100G QSFP28 SR BD Optical Transceiver Module

FiberMall recommends 100G QSFP28 SR BD optical modules for 100G networks in data center duplex multimode cabling environments.
