

# **Belgian Standard Distribution Box Models and Specifications**

## Overview

---

This document provides specifications for various distribution boxes including dimensions, mounting sizes, and number of ways. The metal distribution box is designed for a wide range of low-voltage applications in residential buildings, commercial complexes, offices, and industrial facilities. Looking for reliable and versatile enclosures for your electrical systems?

PanelSet offers (formerly Spacial and Thalassa) a complete range of universal enclosures in metal, plastic, and polyester – ideal for both indoor and outdoor applications. High-quality components guarantee a long service life and protection against overloads and short circuits.
