

Belize Building Explosion-proof Distribution Box

Overview

The enclosures are certified Ex d IIB+H2 and Ex tb as well as "explosion-proof". They are available in many sizes, a wide range of operating elements and monitoring functions can be integrated. Options range from Ex d (flameproof enclosure) to Ex e (increased safety) and Ex i (intrinsically safe) right through to Ex p (pressurized housing), as well as combinations of different explosion-protection types - always bearing in mind the most efficient solution for your application. Extol International are the leading suppliers of Control Panels & Distribution Boards for hazardous areas and explosive atmospheres - a comprehensive range of Explosion Proof control panels are available with ATEX certification and explosion protection to Ex d / Ex'de concept suitable for Zone 1. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Explosion-proof circuit breaker (MCB) box Manufacturers ● It is energy-saving and environmental protection which the power consumption is only 19% of the same brightness of incandescent lamp.
