

# **Bosnia and Herzegovina Network Patch Panel 12 Cores**

## Overview

---

Features 12 fiber ports with LC duplex adapters, delivering 24 total connections (since each core supports transmit and receive via duplex pairing). These panels enable efficient cable management, simplify network maintenance, and support reliable, high-speed data transmission across enterprise networks, data centers, and telecommunications infrastructure. Available in various configurations based on connector type and density, 12-core fiber. Leviton offers the industry's best global patch panel service and logistics with a wide array of flexible solutions for every application, backed by industry leading service and support. The 12 port fiber patch panel is made of high intensified & insulated material, thus having excellent mechanic performance; it can be pre-installed with different kinds of fiber optic adapters and pigtails including SC/FC/ST/LC/E2000 types.
