

**ZTP Thermal & Power**

# **Botswana DAC High-Speed Cable 200G**

## Overview

---

Innoptical's IN-DAC-200G-Dxxx QSFP56 passive copper cable assembly feature eight differential copper pairs, providing four data transmission channels at speeds up to 56Gbps (PAM4) per channel, and meets 200G Ethernet and InfiniBand Data Rate (EDR) requirements. The high-speed Ethernet solution based on 200G AOC/DAC offers superior connectivity performance, meeting the demands for higher data transfer rates. Cable Types are available in the following configurations: QSFP56 (50G/Lane PAM4) Straight-throughs and. QSFPTEK 200G Passive DAC portfolio includes QSFP56 and QSFP-DD direct attach cables, along with a wide range of breakout options such as 2×100G, 4×50G, and 8×25G configurations. Designed for high-density, short-reach interconnects, these cables provide a cost-effective, low-power solution for.
