

**ZTP Thermal & Power**

# **Burkina Faso Trapezoidal Bridge**

## Overview

---

Built by Sogea-Satom (VINCI Construction International Network), this structure is located on the RN1, the road linking the capital, Ouagadougou, with the country's second city, Bobo-Dioulasso, and with neighbouring countries Côte d'Ivoire and Mali. Inside Ibrahim Traoré's New Bridge Method That Will Transform Burkina Faso Burkina Faso is rewriting its future under Ibrahim Traoré. For generations, rivers divided families, blocked trade, and cut children off from education. At the heart of this dynamic lies the modernization of road infrastructure, a key priority reflecting a strong determination to open up isolated. With Blackridge Research's Global Project Tracking (GPT) platform, you can identify the right opportunities and grow your pipeline while saving precious time and money doing it. Free! No Strings Attached Upcoming, Tenders, Contract Awards, Under-construction, and Completed Projects.
