

Bus driver fiber optic cable

Bus driver fiber optic cable

WuT Isolators, Fiber Optic Interfaces & Line Drivers

W& T product overview for RS232/422/485 and USB Isolators, fiber optic interfaces (plastic and glass), and line drivers.

[Read More](#)

PROFIBUS Optical Bus Terminal (OBT)

Connections The connection between the individual bus nodes takes the form of an optical bus with two-fiber plastic fiber-optic cables (plastic fiber-optic cables are also known as POF, Polymer Optical

Handbook Optical fibres, cables and systems

The simultaneous availability of compact sources and of low-loss optical fibres led to a worldwide effort for developing optical fibre communication systems. The real research phase of fibre-optic

[Read More](#)

RS232 Fiber Optic Line Driver, Auto Powered

Operating current for the Model 9271 is derived from the transmit data line, with a power budget of 12 dB when using 62/125 cable. For applications requiring a

RS-485 to Fiber Optic Solutions

The Model 2145 Bit-Driver used in a PROFIBUS-DP application is a two optic port repeater with single TIA/EIA-485-A electrical port. The 2145 operates at rate 9600 baud to 12 Mbaud in linear bus topology.
