

A coiled green Ethernet cable is shown against a white background. The cable is made of a thick, green, braided material. One end of the cable is frayed, revealing a bundle of internal wires in various colors (yellow, blue, red, green, brown, etc.). The other end of the cable is also frayed, showing a similar bundle of internal wires. The cable is coiled into a loose circle, with the frayed ends pointing towards the bottom left and bottom right.

Cable tray bracket distance requirements

Product Advice: Bracket Spacing Considerations
