

China Unicom Broadband Fiber Optic Cable Box

Overview

This 16-port fiber optic splitter box is one of the most commonly used devices for property management in residential communities and for self-installing broadband at home. Upgrading to gigabit broadband at home is standard these days, but choosing the wrong splitter box can bottleneck your internet speed. This article presents a practical evaluation of mainstream 16-port/1:16 fiber optic distribution boxes, comparing materials, port density, ease of installation, and more. FiberHome provides complete solutions for the integration of telecommunication networks on outdoor application, including long haul backbone network, metropolitan area network, access network and other special communication application. Hengtong, in collaboration with China Unicom, has successfully deployed and begun operating China Unicom's first commercial hollow-core fiber optic cable line. Fiber optic distribution box/distribution box, fiber optic joint box/splicing box, terminal box, fiber optic jumper/tail fiber, PLC optical splitter, fiber optic quick connector/cold connector, fiber optic panel, fiber optic adapter Cixi Tengxuan. is a private enterprise specializing in the manufacture of communication equipment and electronic components, integrating R&D, production, sales and service.
