

China Unicom Fiber Optic Connector

Overview

UNICOM's Fiber Optic connectors are ultra reliable devices featuring low insertion loss and high return loss. The High quality meets your requirements, assuring you of the efficiency when you are using the product on Single-Mode and Multi-Mode cables. Meeting ISO, IEC, TIA/EIA and UL standards, our components and total solutions are suitable for specialized applications in ICT technologies. The pace of innovation in computer and network science has become very significant in the recent century so that new technologies rise every day with the new. Corning® UniCam® connectors offer high optical performance in a fast, easy field-termination solution—ideal for fiber-to-the-workstation setups where time matters. Using precision mechanical splice tech, UniCam enables quick, cost-effective fiber installations. HK), in collaboration with China Mobile and China Telecom, established the world's first 800G hollow-core fibre transmission test network in Shenzhen-Dongguan, Guangdong. E) fibre cable land application engineering project whose application test was participated in by Yangtze optical fibre and Cable Joint Stock Limited Company (Stock Code: 6869).
