

# **China s most advanced AI server**

## Overview

---

Dozens of Chinese hi-tech manufacturers - from Lenovo Group and Huawei Technologies to Inspur Group - are pushing new "all-in-one" servers that include DeepSeek 's advanced artificial intelligence (AI) models to private and public enterprises across the country, ramping up. China's AI server market exceeded \$30 billion in 2025, driven by hyperscale AI training infrastructure buildout and enterprise AI adoption. Here, we explore five of China's most advanced AI data centers, highlighting their key features. As the only global supplier of NVIDIA's 78-layer AI server backplane, Kunshan-based PCB maker WUS Printed Circuit recorded a 62.
