

Color order of bundled pigtails

Overview

It consists of 12 pigtailed fibers, with colors in order: blue, orange, green, brown, gray, white, red, black, yellow, purple, pink, light blue. Color Code for 12 Fibers: Blue Orange Green Brown Slate (Gray) White Red Black Yellow Violet Rose (Pink) Aqua (Light Blue) For fiber counts higher than 12, the color pattern repeats in groups (bundles) of 12. In these cases, the fibers are typically organized into tubes or groups, and each group is 9 pigtailed fibers, also known as pigtail bundle, is divided into bundled and ribbon pigtailed fibers. Characterized by having an optical fiber connector on one end and a bare fiber end on the other, they are primarily used to connect optical transceivers or other optical devices. Offering an extensive range of optical pigtailed fibers for use in FTTx, telecommunications, data communications and CATV applications.
