

# **Congo Telecommunication Tower Manufacturer**

## Overview

---

Esengo Towers, a joint venture between Orange RDC and Vodacom Congo, plans to invest \$179 million over four years to deploy 1,000 telecom towers across the Democratic Republic of Congo (DRC) to expand mobile coverage. DRC is the size of Western Europe and boasts immense natural resources, estimated at over \$24 trillion in value, including 60% of all cobalt globally. The founders of Eastcastle Infrastructure were pioneers of the African Tower Sector, completing both the first sale by a mobile network operator ("MNO") of an African telecoms tower portfolio and the first successful private equity backed exit of an African tower business. A next-gen TowerCo building innovative solutions for emerging markets Our Pan-African Presence, Redefining Connectivity Established in four countries across the continent, we leverage our market-leading capabilities and profound expertise in the mobile sector to drive our remarkable success.
