Continuously Variable Optical Attenuator Company

Continuously Variable Optical Attenuator Company

OZ Optics Online. Digital Variable Attenuator

Digital Variable Attenuator OZ Optics offers a compact, rugged and low cost digital attenuator with high resolution, high speed, high attenuation range, and high power handling (blocking technique only).

[Read More](#)

UV C-VARM

The C-VARM can be finely adjusted to achieve both precise attenuation levels and maximum use of the camera's optical dynamic range. Optical filter elements have have 1/10th wave flatness specifications

[Read More](#)

Attenuators

Attenuators from VIAVI offer a complete range of power-balancing options, from fixed to variable optical attenuators in field, lab, and manufacturing environments.

[Read More](#)

Laser Power Attenuators

Compact motorized device for laser power control of linearly polarized beam. Attenuator features unique mechanical design which ensures repeatability and high stability of performance. All internal optical

[Read More](#)

UV C-VARM

The UV Continuously Variable Attenuator Module (UV C-VARM) contains two wedge attenuators that are continuously variable and a step attenuator that allows attenuation from 10⁷:1 down to 3000:1. The

Continuously Variable Attenuators

For over 60 years ARRA (Antenna & Random Research Associates) has been a global innovator in designing, manufacturing, distribution of coaxial and waveguide components. Supplying dependable,

[Read More](#)

C-VARM

Details The Continuously Variable Attenuator Module (C-VARM) contains two wedge attenuators that are continuously variable and a step attenuator that allows attenuation from 107:1 down to 3000:1.

[Read More](#)

Stepper Motor and Filter-Based Attenuator, Variable Optical

The Multiple Application Platform (MAP series) Variable Optical Attenuator (mVOA-C1) is a stepper motor and filter-based attenuator that delivers metrology-grade programmable attenuation

[Read More](#)

Variable Attenuators for High Power Lasers

The transmission coefficient of such an attenuator is $h = I_{\text{output}}/I_{\text{input}}$. Design of diffractive attenuator on the base of circular diffractive grating. Key features High

[Read More](#)

Liquid Crystal Variable Attenuator

Meadowlark Optics' Liquid Crystal Variable Attenuator (LCVA) offers real-time, continuous control of light intensity. Our attenuator consists of an LC Variable

[Read More](#)

Continuously Variable Attenuators

Pasternack variable attenuators in continuous style are part of over 40,000 in-stock RF products. Continuously variable attenuators and our other RF, microwave and millimeter wave components

[Read More](#)

Attenuators

Variable Attenuators have low minimum insertion loss, small size, lightweight, operational to 105°C without degradation, excellent for communications.

SMA 50 Ohm Continuously Variable Attenuators

Pasternack SMA 50 Ohm Continuously Variable Attenuators are part of over 30,000 RF, microwave and fiber optics products available for same day shipment. SMA 50 Ohm Continuously Variable

[Read More](#)

Attenuators , Acoustic Attenuators For HVAC Systems

By ensuring testing of our Attenuators, we are able to guarantee noise reduction performance of any unit. Our noise-reducing attenuators are developed for fan units and other equipment within heating,

[Read More](#)

Continuously Variable Attenuator

The Coherent® Lasercam(TM) Beam Profiler features excellent signal-to-noise ratio and

linear response for accurate pulsed as well as CW laser beam dimension and uniformity measurements.

OZ Optics DA-100-8-1300/1550-105/125-M-35 Digital

The OZ Optics DA-100 Series offers a compact, rugged and low cost digital attenuator with high resolution, high speed, high attenuation range and high

[Read More](#)

Compact Laser Beam Attenuator , EK SMA Optics

Compact continuously variable laser beam attenuator, featuring precision opto-mechanics and high-LIDT optical components: Brewster-type thin film polarizer

[Read More](#)

MEMS Variable Optical Attenuators: Single and Multi

OZ Optics Ltd. offers MEMS-based variable optical attenuator (VOA) in a fast, low cost miniature package. These best-in-class attenuators are available either as

[Read More](#)

Variable attenuator

The variable attenuator is based on a combination of two cells filled a specially developed mixture of liquid crystals with dichroic molecules. The two cells act as

[Read More](#)

Continuously Variable Attenuators

Features include wide variable attenuation range, linear calibrated dial, rugged with a host of MIL standard units available. Continuously Variable Attenuator products

[Read More](#)

Variable Optical Attenuators - Buying Guide & Suppliers

This variable optical attenuators buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

[Read More](#)

Allaway Acoustics ,

We manufacture our own spring mounts and hangers, offering a wide, multi-purpose standard range and isolators for special applications.

[Read More](#)

CONTINUOUSLY VARIABLE ATTENUATORS for CO LASER BEAMS

The attenuator can be mounted on a laser by four 3.2 mm holes on a 57 mm circle. For mounting a thread M8 is provided at the base. We supply a transition post with thread 1/4-20 if requested. The

[Read More](#)

Variable Optical Attenuators

Variable optical attenuators, used in fiber communications, vary light attenuation. The article discusses operation principles and various performance parameters.
