

Cuba SFP optical module 1G

Overview

T1-SFP-1G-SX is a high-performance, cost-effective module with a Duplex LC optics interface, Standard AC coupled CML for high-speed signal, and LVTTTL control and monitor signals. 1G SFP optical transceiver modules for multi-mode and single-mode in distances ranging from 300 meters up to 80km with a limited lifetime warranty. , from 100m to 160km, for 1G switches, routers, servers, NICs and other transmission equipment. ISO/IEC 27001 is an international standard for managing and processing information security. This standard is jointly developed by the International Organization for Standardization (ISO) and the International Electrotechnical Commission (IEC). All the transceivers comply with the SFP MSA, SFF-8472, CE, FCC, RoHS, and corresponding industry standards. They are designed for use in Fast Ethernet, Gigabit Ethernet, Fibre Channel, and SONET/SDH.
