Overview

If leaky, add a foam gasket or compressible rubber between the lid and the edges of the D-box. A septic distribution box (D-box) is a concrete or plastic junction that evenly distributes wastewater from your septic tank to all drainfield lateral lines. When it fails, symptoms include uneven wet spots in the yard, slow indoor drains, and sewage odors. Septic system drop box cover installation, repair, requirements: why we need a safe, water-tight cover over the septic system D-box. Septic system D box installation, specifications, inspection, diagnosis, and repair: in this article series about septic system drop boxes we describe the best. Primarily, it protects the internal mechanisms of the distribution box from debris, animals, and weather conditions.
