

Distribution box housing Cuba

Overview

The metal boxes are "an alternative in the face of the shortage of essential building materials" to ease the housing crisis. HAVANA TIMES – In a country without cement, blocks, or rebar, except for new hotels, the State has resorted to shipping containers and converted them. The Construction and Assembly Company in Granma province has unveiled the first homes crafted from repurposed shipping containers. This article explores practical, scalable approaches to affordable housing in Cuba, while highlighting how efficient sourcing, logistics, and supply chain management can support project delivery. , and at the Metal Productions Business Unit (UEB) in Guanabacoa, several containers are being transformed into homes to be distributed in some municipalities of Havana. Given the number of men working, it seems like they will never finish, but "little by little, divided into. These iron houses have raised concerns due to Cuba's hot climate, as they could easily turn into virtual ovens.
