

Dual-port PoE switch ring network

Overview

□1-to-2 Gigabit PoE Splitter□This PoE-powered switch functions as a 1-to-2 Gigabit Ethernet splitter, expanding a single PoE network switch port into two while delivering Power over Ethernet (PoE/PoE+). It powers PoE IP cameras, PoE routers, and other PoE devices without extra. Power over Ethernet (PoE) is a way to wire power and internet together to select Ring devices like Stick Up Cam Elite and Video Doorbell Elite. High-Performance L2+ PoE+ Solution with Static Routing The IGS-4215-16P4X is PLANET's Industrial-grade, DIN-rail L2+ Managed Gigabit PoE+ Switch, upgraded with L2+ static routing to enhance inter-VLAN communication and network efficiency.

Dual-port PoE switch ring network

PoE Splitter, 2 Port Gigabit PoE Switch, Network Hub 1

PoE Splitter, 2 Port Gigabit PoE Switch, Network Hub 1 in 2 Out, Supports IEEE 802.3at/af (POE+/POE) Standards, Power Over Ethernet, Dual RJ45 Splitter for
