

ZTP Thermal & Power

Electrical Equipment XM Distribution Box

Overview

XM series integrated distribution box/cabinet is suitable for AC frequency 50Hz, rated voltage 220V or 400V single-phase or three-phase five-wire lighting and small power lines, it is used to control, distribute, and meter electrical equipment, and to protect against overload . XM Cabinet is widely used in lighting distribution systems of power station,transformer station,factory,mine,hotels,apartment,buildings,port,railway station,airport,warehouse,hotels etc. Both recess mounting and indoor wall mounting can be supplied according to customer requirement.

Electrical Equipment XM Distribution Box

XM Distribution box -Chuangyuan Electric Co., Ltd. -Distribution box

It specializes in the production of transmission and distribution products such as complete sets of high and low voltage switchgear, capacitor compensation cabinets, various power control distribution
