

European Secondary Distribution Box Configuration

European Secondary Distribution Box Configuration

European Type Cable Distribution Box , HCRT

The box has a double swing door and busbar connection. It is compact and features a clear cable arrangement with a three-core cable to eliminate the need for long

Differences in USA and European AC Panels

In the USA the two commonly supplied shore-power voltages are 120 Volts (60Hz) AC and 240 Volts (60Hz) AC. The standard in Europe is 230 Volts (50Hz) AC. All of these supplies are single phase,
