

ZTP Thermal & Power

Export price quote for optical cable G 652D

Overview

G652D fiber, the most widely deployed single-mode fiber for telecommunications and general infrastructure, has seen prices surge from approximately ¥18 per kilometer in early January 2026 to current levels of ¥85-120 per kilometer—a staggering increase of nearly 650%. G652D optical fiber prices are rising in 2025-2026, how FTTH cable budgets are affected, and what procurement teams in Europe, Latin America, Africa and the Middle East can do to manage risk. G652D Fiber Optic Cable offers exceptional quality within the Optical Fiber category. Need pricing for this product?

Get a price quote for Standard Singlemode Fiber - ITU-T G. Also known as low-water-peak fiber, G652D minimizes signal attenuation caused by water absorption.
