

# **Fiber Optic Cable Hangers for Iron Towers**

## Overview

---

Durable pole brackets and hooks for secure aerial fiber optic cable installation, providing reliable support on utility poles and towers. These Malleable Iron fittings are used with standard pipe near sidewalks and buildings where there is insufficient. Optical Distribution Network (ODN) is composed of OLT and user equipment interconnected by optical fibers, splitters, and connectors, with downstream signal streams coming to the user interfaces and upstream signal streams for OLT processing purposes. Our cable hangers are manufactured out of non-rusting stainless steel and UV resistant PP material, they can fit with worldwide.
