

Fiber Optic Cable Pole Top Fixation

Length:19.3mm
Small-end inner diameter:3.0mm
Large-end inner diameter:3.5mm
Outer diameter:5.5mm

Overview

The Fiber Hook Pole Bracket, also known as a pole-mounted cable bracket or fiber optic cable hook, is a critical component for securing fiber optic cables. It is designed to provide a stable anchor point for cables, ensuring they remain organized and protected. Pole attachment hardware includes: clevis eyes, socket eyes, ball clevis, anchor shackle, oval eye nut, shoulder eye bolt, pole eye plate, and shielded wire support. Also called FTTH hook (pole bracket for FTTH) can be attached on wooden, metal, concrete poles or buildings by stainless steel strap or bolts.

Fiber Optic Cable Pole Top Fixation

Fiber Hook Pole Bracket Manufacturer

A Fiber Hook Pole Bracket is a hardware component used to securely mount and organize fiber optic cables on utility poles. It ensures the cables are properly supported, preventing sagging and
