

# Fiber Optic Cable Reel Splicing Price Table

## Overview

---

Full breakdown of what drives cost - fiber type, access, contractor overhead, and testing. For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination. Splicing fiber optic cables is a critical task in telecommunications and networking, as it ensures seamless data transmission across networks. Traveling will only be charged if the site is 50km or more from our office in the East Rand. (Boksburg) Accommodation & SNT will only come in affect if the team must stay over to complete a site. 1) Proofing and Placement - Per foot pricing for proofing and placement of approximately 1,856,332 ft (351). Understanding the nuances of fibre splicing costs, as well as the guidelines for capitalisation, is essential for businesses aiming to make informed.
