

Fiber Optic Communications Association

Overview

The FOA is an international non-profit educational association chartered to promote professionalism in fiber optics through education, certification and standards. The FIA aims to help build a better industry for all by providing our members with specialist support and a platform to share ideas, knowledge and experience. Are you thinking of joining the FIA community?

The FIA's mission is to promote standards to the benefit of all.

Fiber Optic Communications Association

Optical Fiber , Optical Fiber Products , Corning

Optical fiber broadband brings together a culture of innovation, quality, and manufacturing excellence to create life-changing products.
