Fiber Optic Coupler Fully Automatic Injection Molding Machine

Overview

Fully automated, industry-qualified assembly for optoelectronics and singulated photonic devices and PICs. Featuring high-precision 'align-&-attach' bonding capability for all optical elements, fibers and arrays, as well as for die, chip or PIC integration and. Automatic Fiber Optic Connector Ferrule Glue Injection Machine or Automatic dispensing use to fill the ferrule of connector with Glue when you have large order. XYZ axis adopts Japanese dispensing technology, dual rail parallel support, and high transmission precision and stable performance. A2: One Year Warranty (all the machine parts can be replaced within one year free of charge, not including the manmade broke), life-time maintenance.

Fiber Optic Coupler Fully Automatic Injection Molding Machine

Advanced Fiber Optic Connector Plug Injection Molding Machine

Advanced Fiber Optic Connector Plug Injection Molding Machine, Find Details and Price about High Quality Machine Fiber Optic Machine from Advanced Fiber Optic Connector Plug Injection Molding
