

Fiber Optic Fiber in Mauritius

Overview

Mauritius is connected to fibre optics through the latest generation SAFE (South Africa – Far East) submarine network, and 80% of the country is covered by 5G, making it one of the best-equipped countries in the region. We are committed to bringing fast, affordable and reliable broadband services across Mauritius. Next generation ultra-high-speed broadband services

Reliable full fibre connection at all times
Secure and robust connectivity
Coverage across the territory of Mauritius

Key Insight: By 2026, Mauritius boasts an impressive 85% fiber optic coverage, significantly enhancing connectivity and supporting remote work, education, and digital services. Internet penetration has reached 82%, reflecting widespread adoption across urban and rural areas, driven by government. With the deployment of fibre optics and 5G, the two main providers, Emtel and Mauritius Telecom, offer services that meet international standards in Mauritius.
