

Overview

National Strand is the largest US-Made and owned producer of guy and static stranded wire used in the Broadband and Telecom industry — the backbone connecting people around the world. For over 20 Years, Guardian Cable Systems LLC has been manufacturing and supplying exclusively 100% melted and manufactured in United States of America USA Galvanized and Galfan coated steel messenger strand and stranded wire products. This document describes further details of messenger strand, lashing wire, and the planning and installation process. Armored, burial, and ruggedized designs are suited to a host of industrial environments. Since 1986, Proterial Cable America has been developing technologically advanced copper and fiber optic communication cables.
