

**ZTP Thermal & Power**

# **Filtration tray size specifications and models**

## Overview

---

There are two volume sizes to choose from, 100 ml and 250 ml, different pore sizes and different filter colors for contrasting backgrounds during evaluation. Smplicity™ Filtration System Vial Trays MSDS (material safety data sheet) or SDS, CoA and CoQ, dossiers, brochures and other available documents. The FSPN vessels can also be equipped including manual, hydraulic, spring p to 99 bainless Ste eries vessels. We have a fully equipped test house and laboratory, and our experienced design engineers use the latest technologies to give full.
