

Finisar Optical Module Bit Error Rate Analyzer

Finisar Optical Module Bit Error Rate Analyzer

WaveAnalyzer 200A

Overview The WaveAnalyzer 200A is a lightweight portable Optical Spectrum Analyzer covering the C-band of optical communications. It has been designed for flexible use in the laboratory and also

Bit-Error-Rate Testers - Optellent

It incorporates a pattern generator, clock recovery circuits, and a bit-error-ratio analyzer in one compact module that provides both electrical and optical interfaces at data rates up to 1.25Gb/s.

GTX-B

For low-level testing of physical links, the extended physical layer verification system combines bit error rate testing, eye pattern signal synchronization and versatile
