

Four-position distribution box with explosion-proof design

Overview

This unit is ATEX & IECEx certified, supporting global safety standards for explosive gas and dust atmospheres. Available in 24V, 110V, and 220V configurations, it features IP66 protection, optional SY braided or rubber cables, and custom cable lengths (5 to 100 meters). Ideal for Zone 1 & 2 (Gas) and Zone 21 & 22 (Dust), offering IP66 protection, GRP enclosure, and multiple voltage options (24V / 110V / 220V). ADD TO ENQUIRY CART! is designed to deliver safe and reliable power in hazardous environments. BARTEC designs and produces customer-specific (configure-to-order and engineer-to-order) solutions for optimum energy distribution in safety-critical industrial applications. No need for conduit between incoming and outgoing wire conduit entries can be punched in the • Breather drain available field.
