

GCK Distribution Box Manufacturer

Overview

The Low Voltage Distribution Cabinet Series from WELTRUS offers a full range of modular and fixed-type low-voltage switchgear for safe and reliable power distribution. Compared to other enclosures, the GCK type is more advanced in terms of design as it has extra features to make it compatible with its functions. It is a digital management enterprise integrating R&D, production, sales and installation of power equipment. We are cnville manufacture and supplier, provide Gck Series Low-Voltage Draw-out Type Distributing Box on sale, factory price. GCK low voltage draw-out type switch cabinet is applicable to power plants, substations, industrial and mining enterprises and other users of AC 50Hz, the maximum working voltage to 660V, maximum current up to 3150A power distribution systems, power distribution, motor control, Power distribution.

GCK Distribution Box Manufacturer

Custom Low Voltage Distribution Board, GCK/GCS Switch Panel

Custom Low Voltage Electrical Distribution GCK/GCS Switch Panel Enclosure up to 4,000A in Complianced with IEC 61439 GCS switch cabinets/Switchgear panel GCS device is suitable for
