

Georgia s No 1 Optical Module Company

Overview

, Lightera serves customers across telecommunications, enterprise, industrial, generative AI, data centers, 5G/6G, utilities, medical, aerospace, defense, and sensing markets. Built on a legacy of expertise in optical science, we provide high-performance solutions that enable faster, more reliable, and sustainable connections for businesses, communities, and industries worldwide. \$CLFD

Here's my thesis: I've been researching a lot about the expanding importance of fiber optics in the new age data center as we move into the agentic ai era. The recent deal between \$NVDA & \$GLW basically confirmed to me that high performance optical fiber is the. The company addresses a broad range of applications in a variety of industries: telecommunications, medicine, industrial automation, energy. We are dedicated to helping you build, connect, protect and optimize your network. Topstar focuses on R&D and has our Top-trans" brand SFP/SFP+/XFP+QSFP/CFP/QSFP28 series of modules, we offer 24*7 hours online service.
