

**ZTP Thermal & Power**

# **Gpx98 Fiber Optic Distribution Frame**

## Overview

---

1, Suitable for FTTH, FTTB all kinds of optical communication passive network cable wiring. Achieve successful cable management, handle high amounts of fiber cable and add density to fiber frames with the new DCX Optical Distribution Frame (ODF) System which features innovations like flippable cassettes, modular frame design and multiple configuration options. Optical distribution frame (ODF) is a frame used to provide space for fiber pigtailed and fiber cable connection between fiber optic equipment, which can integrate fiber splice tray, fiber optic adapters & connectors to fix on a fiber optic cabinet. : GPX720 Wiring Devices: ODF Condition: New Trademark: zhongling Specification: ISO 9001, TLC HS Code: 8517622990 Type: ODF ODF Fiber Optical Distribution Frame (GPX Series) Basic Info Model NO. It provides fiber fixing, splicing, termination, patching, and cable management in telecom rooms, data centers.
