

Haiti Telecom-Grade Router 10G

Overview

Despite wide-ranging poverty, Haiti increased its mobile phone coverage rate from 6% to 30% in one year (May 2006 to May 2007). The Haitian telecommunications authority, CONATEL, decided in October 2010 to allow the introduction. There are no government restrictions on access to the Internet or credible reports that the government monitors or Internet without judicial oversight.

Haiti Telecom-Grade Router 10G

Haiti Wireless Frequency Bands and Carriers
