

High-Precision Solution for Finnish Communication Power Supply Cabinets

Overview

Indoor (external) type integrated cabinet, realizing multi-level modular design. Modular switching power supply, dynamic loop monitoring unit, fiber optic wiring unit, and battery backup unit can be integrated in one cabinet. As Finland's leading manufacturer, we provide IEC- and UL-certified electrical and automation cabinet manufacturing for demanding industrial environments worldwide. Reputation – It is a testament to TAS-Power's good reputation that we have worked with many of our customers for decades. ZTT intelligent energy products, as the industry's leading green energy solutions, not only profoundly practice the concept of sustainable development, but also with their excellent technological innovation and design optimization, comprehensively empower a new era of simplified construction.
