

# **Household Electricity Meter and Distribution Box Price Quotation**

## Overview

---

The price of a new electric meter box typically ranges from £40 to £300, depending on the type and material. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings.
