

How much does a 12-core ADSS optical cable cost

Overview

35 per meter, using a standard double PE jacket and basic aramid strength members. In contrast, a 48-core ADSS cable for long spans (≥ 500 meters) with high tensile strength aramid yarn, tracking-resistant outer jacket. A 12-core ADSS (All-Dielectric Self-Supporting) optical fiber cable is an advanced telecommunications solution engineered for overhead installations in electrical environments where traditional support structures are not available. ADSS cable cost may be determined by the following factors, among others: Number of Fibers (Core Count) – More fibers = higher cost.

How much does a 12-core ADSS optical cable cost

Armored Unitube 12 Core ADSS Optical Fiber Cable

Our main products consist of 0.6-35KV power cables, AAC AAAC ACSR bare conductors, aerial bundled cables, control cables, welding cables, rubber cables, special cables and electrical wires.
