How much does a Sino-European steel mesh cable tray cost

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. The main cost driver is the material used in manufacturing: The majority of individuals will consider the cost of the components. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation. Claim a refund if your order doesn't ship, is missing, or arrives with product issues.
