

# How much does a long ladder-type cable tray cost

## Overview

---

Ladder cable tray pricing typically ranges from \$3-7 per foot for standard galvanized steel systems, making them the most economical choice for basic industrial applications. In power-heavy areas, they prevent failures that would be far more expensive than the tray itself. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Choose from our selection of ladder cable trays, including cable and hose trays, heavy duty open cable and hose carriers, and more.
