

# How much does hot-dip galvanized mesh cable tray cost

## Overview

---

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. The main cost driver is the material used in manufacturing: The cable tray are for hot dip galvanized ladder type cable tray. B2B buyers must balance cost, compliance, performance, and scalability to ensure long-term value and operational safety. Hot-Dip Galvanized (HDG): This is more expensive due to the fact that after making the tray, it is dipped in a hot bath of zinc.
