

How much does it cost to tidy up optical cables

Overview

Detailed cost ranges reflect typical field repair scenarios for fiber optic cables, including outside plant and inside plant work. The cost to fix a fiber line often hinges on the fault type, distance, and response time, with price ranges reflecting differing crews and materials. Our trained engineers can test all your cables to see which are in use, then perform a swift, safe tidy-up by removing any that are unused and unnecessary. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000.
