

How much does power fiber optic cable material cost per meter

Overview

Generic glass is cheap; premium glass (like Corning) costs more but guarantees lower attenuation. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Single-mode fiber costs less per foot than multimode fiber, but it requires more. Here's a general pricing reference:

Cable Type	Price Range (USD/meter)
Simplex / Duplex Indoor Cable	\$0.50 - \$1.00

Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination.
