

# **How to configure the SPD in the integrated wiring cabinet**

## Overview

---

Mount the SPD directly to the electrical panel using a 1/2-inch locknut as shown in Figure 1. This installation manual describes the safe installation, testing and operation of the Eaton® SPD Series Surge Protective Device (SPD). Surge protection cabinets are dedicated to 230 / 400V Low Voltage Network (single phase or 3 phases+N). The SPD Series is available in voltage ratings from 120- (Basic, Standard, and Standard with Surge Counter), as described in Section 3 "Operating Features.
