

# **How to wire the circuit breaker in an expanded distribution box**

## Overview

---

In this video, I'll show you the complete wiring diagram of a home distribution board (DB). You'll learn how to connect the main circuit breaker (MCB), residual current device (RCD), and individual circuit breakers for lighting, sockets, and appliances. It is responsible for distributing electricity throughout a building, ensuring that each circuit receives the proper amount of power. You will learn to build a safe, efficient, and professional electrical system today.
