

Huijue Fiber Optic Cable Multimode MPO-LC24 Core

Overview

MPO-24 is an affordable way to deploy parallel and duplex fiber optic applications. It has 24 fibers in a single connector, which is denser than using three MPO-8 connectors or two MPO-12 connectors. MPO High-Density Fiber Patch Cords (also known as MPO Fanout / Harness Cords) are high-density cabling products that convert one MPO multi-fiber connector into multiple LC/SC simplex connectors. • MPO OM3 MULTIMODE CONNECTOR With this MPO fiber cable, you are ready for deployment in any multimode 10 GB 50/125 MTP/MPO network.

Huijue Fiber Optic Cable Multimode MPO-LC24 Core

MPO/MTP to LC UPC 12 Duplex OM3 24-Core Breakout

24-core OM3 MPO/MTP to LC UPC breakout fiber cable for 40G/100G data centers, offering low-loss, high-density duplex connectivity and
