

Hungarian manufacturer of transparent multimode optical fiber cable

Overview

was established in 1995; however, it had been present under another name since 1993. Its business activities in the field of fiberoptic networks include trade, manufacturing, network construction, and from 2002 on, optical instrument calibration. Unoptix specializes in high-quality optical products, including the Alcatel-Lucent SFP-10G-C50CM compatible transceiver and 10G SFP+ passive direct attach cables. Their focus on cost-effective telecommunications solutions and a diverse customer base highlights their commitment to providing scalable. Fiber Optic Cables are available at Mouser Electronics from industry leading manufacturers. Browse our complete line of available passive optical cable assemblies, passive devices & components and optical network related services by navigating through the menu above. The site is being constantly updated, so be sure to check later as well for more products and services! Physical: H-3021.
