Hungary CIF price for long-distance single-mode optical cable

Overview

The average export price for optical fiber cables from Hungary stood at \$31,864 per ton in 2024, marking a 2. Pricing (HUF) Filter the results in the table by unit price based on your quantity. Market Forecast By Cable Type (Single-mode Cable, Multi-mode Cable), By Material Type (Plastics Optical Fiber, Glass Optical Fiber), By End-users (IT and Telecom, BFSI, Defense and Aerospace, Manufacturing, Other) And Competitive Landscape In the Hungary fibre optic cables market, the import trend. Single-mode fiber optic cable (SMF) is a type of optical fiber designed to carry a single ray of light mode directly down the fiber core. With a typical core diameter of 8-10 micrometers (μm), single-mode fiber minimizes modal dispersion and enables signal transmission over distances of up to 100.

Hungary CIF price for long-distance single-mode optical cable

Hungary: Singlemode Optical Fibre Cables Market Report

This report analyzes the Hungarian singlemode optical fibre cables market and its size, structure, production, prices, and trade. Visit to learn more.
