

# Indoor cable tray bends

## Overview

---

An internal bend cable tray is a specialized fitting used to direct cables around interior corners or angles within a cable tray system. With traditional cutting and bending, each drop can take over four hours to complete. With Cablobend Systems, you have the freedom to flexibly create the bends and drops that you need. Elbow Cover, 3/4", 1" Bend Radius, PVC, Office White, 1/bag  
Category: 90° Horizontal Cable Tray Bend Cable Runway Radius Bend; 12"W x 12.
